

BB SHOW CALF

UNMEDICATED- No antibiotics or growth promoters in this formula

PALATABLE- Encourages calves to eat more dry matter for maximum gains. Contains grains, pellets and molasses

12% CRUDE PROTEIN LEVEL- Quality sources of protein for maximum growth and development

OATS & BARLEY- Lower starch levels promote faster hair growth and structural development

ALBION CHELATED MINERALS- Aids in overall animal bloom, shiny hair coat, increased immune response and performance. Includes chelated copper, zinc, magnesium, potassium and manganese

VITAMIN FORTIFICATION- High vitamin levels for health, bloom, tissue development and antioxidant protection

COTTONSEED HULLS- Provide high levels of digestible energy and fiber for rumen health and performance

YEAST CULTURE- Improves performance of show cattle through better feed utilization. The mode of action from changes in rumen characteristics and better energy metabolism

BICARBONATE OF SODA- Better material affecting ruminant pH levels thereby maintaining consistent rumen function

FEED TYPE- COMPLETE BUILT IN ROUGHAGE

FEED FORM- TEXTURIZED

PURPOSE STATEMENT- A Complete Feed With Roughage For Show Cattle And Creep Feeding Young Calves.

GAURANTEED ANALYSIS

Crude Protein (Min).....	12.00%
Crude Fat (Min).....	3.00%
Crude Fiber (Max).....	11.00%
Calcium (Min).....	0.50%
Calcium (Max).....	0.70%
Phosphorus (Min).....	0.30%
Phosphorus (Max).....	0.50%
Salt (Min).....	0.25%
Salt (Max).....	0.75%
Potassium (Min).....	0.60%
Vitamin A (Min).....	4,000 IU/Lb

INGREDIENTS

Crimped Shelled Corn, Oats, Cottonseed Hulls, Cane Molasses, Dehulled Soybean Meal, Barley, Calcium Carbonate, Shredded Beet Pulp, Dried Distillers Grains, Soy Oil, Salt, Wheat Middlings, Yeast Culture, Salt, Monocalcium Phosphate, Bicarbonate of Soda, Animal Fat, Zinc Amino Acid Chelate, Manganese Amino Acid Chelate, Potassium Amino Acid Complex, Copper Amino Acid Chelate, Anise Oil, Vitamin A Supplement, Iron Sulfate, Zinc Sulfate, Manganese Oxide, Vitamin E Supplement, Organic Iodine, Vitamin D3, Selenium Yeast and Cobalt Carbonate

FEEDING DIRECTIONS

Start feeding BB Show Calf after weaning or shipping (400Lb weight cattle or heavier). Allow a 7 to 10 day transition by changing feeds gradually. BB Show Calf is a complete texturized feed with cottonseed hulls added to reduce digestive upsets. Feed a minimum of three Lbs. of hay/head/day. Provide adequate bunk space. Practice good feedbunk management by keeping bunks clean and dry. Vaccinate calves for Enterotoxemia. Observe fir signs of sickness or bloat. Make sure calves have plenty of fresh clean water.

*Albion's brand of chelates resulting from the chelation of a soluble salt with amino acids.
