

WINNING EDGE 1407

ADDED BEET PULP- A good fiber source that reduces daily hay requirements. Feed to horses with:

- Exhibition and Athletic Needs
- Senior Aging Challenges
- Growth and Conditioning
- Chronic Respiratory Ailments

ADDED FAT- Provides a concentrated available source of calories. Improves stamina and endurance, while maintaining top body conditions

ROASTED SOYBEANS- Palatable source of fiber, protein and natural vegetable fat for improved performance and ration intake

VITAMIN FORTIFIED- High vitamin levels including Vitamin E for enhanced antioxidant levels for body tissue repair

MINERAL LEVELS- Proper balance of macro and micro minerals for soundness and correct blood chemistry

®ALBION®MAAC CHELATED MINERALS- High bioavailability may improve fertility, hair coat, shine, bone development and immune system

MOLASSES- Sweet molasses with oils and mold inhibitors to keep the feed soft, fresh and palatable

FLAX- Omega 3 Fatty Acids adds additional benefits, of fats in addition to the Omega 6 sources- Heat treated soybeans and soy oil. The Omega 3 fatty acids in flax boost the immune system and shine of the hair coat. They can aid in the reduction of inflammation

PURPOSE STATEMENT- A Premium Formula For Equine Performance, Growth and Conditioning With Multiple Calorie Sources Using Beet Pulp, Grains And Oils With A Diversified Balance Of Yeast Culture, Live Yeast, Probiotics And Chelated Organic Minerals.
